16	4 B	"	60 tons	Potsdam

25X1C

May and June: No outgoing shipments. 3

25X1A

1. Comment. These shipments were reported for the first time.
2. Comment. Probably empty shells returned to the USSR.
3. Comment. Compared with the preceding period incoming shipments observed at the depot increased considerably while outgoing shipments decreased. The increased incoming shipments may be explained by the fact that ammunition stocks were depleted during winter practices.
